

## **Sports Funding**

### **Ludlow Infant Academy 2017 - 2018**

#### **PE and sport premium for primary schools**

The PE and Sport Premium is designed to help primary schools improve the quality of the PE and sport activities they offer their pupils.

It was set up in 2013 to improve the provision of physical education (PE) and sport in primary schools. The government provided an additional £150 million per annum for academic years 2013 to 2015. The success of the PE and sport premium has led the government to extending their pledge and providing additional funding until 2020. This funding, provided jointly by the Departments for Education, Health and Culture, Media and Sport, is being allocated to primary schools. The funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools.

At Ludlow Infant Academy we have developed an action plan in order to continue to improve PE provision and raise achievement for all pupils in sport. Our ethos means that the funding for 2017-2018 will:

- Ensure that all pupils have the best opportunity to achieve their potential.
- Ensure that all pupils know about the Olympic values and its legacy.
- Ensure that all pupils receive high quality teaching in all aspects of PE and Games, so that pupils make regular sustained progress.
- CPD opportunities for staff to deliver high quality PE provision.
- Ensure all pupils are provided with a range of extracurricular and enrichment activities.
- Continue to increase levels of participation in physical activity through internal and external competitions within Southampton schools.
- Develop competitions within the school, ensuring that all pupils experience competition and /or sporting festivals and are challenged to improve their own performance in a range of sports.
- Training for lunchtime staff to encourage structured games and P.E activities by pupils.
- Pupils receive two hours of taught P.E a week which cover a range of physical activities including gymnastics, dance, team work, games, multi skills and athletics.
- Pupils take part in Sports Day which takes place in the summer term.
- Ensure that all pupils have a good understanding of a healthy life style (This is embedded within our Science and PSHE curriculums across the year groups).
